LOGIMAT INDIA 2025

Organised by Messe Stuttgart India, LogiMAT India 2025, is India's Biggest logistics, material handling, warehousing, automation, supply chain and transportation management exhibition in India. As we gear up for another ground-breaking edition, we invite you to join us in shaping the future of logistics excellence.

WHY EXHIBIT AT LOGIMAT INDIA 2025?

LogiMAT India 2025 offers exhibitors an unparalleled opportunity to showcase your latest innovations, technologies, and solutions to a highly targeted audience of industry professionals, decision-makers, and buyers. With a comprehensive range of exhibitor packages and sponsorship opportunities, LogiMAT India provides the perfect platform to elevate your brand, forge strategic partnerships, and drive business growth.

WHY VISIT LOGIMAT INDIA 2025?

For visitors, LogiMAT India is the ultimate destination to discover the latest trends, products, and solutions shaping the logistics landscape. From cutting-edge technologies to expert insights and networking opportunities, LogiMAT India offers a holistic experience designed to empower professionals and drive innovation in the logistics sector.

WHAT TO EXPECT AT LOGIMAT INDIA 2025?

At LogiMAT India 2025, attendees can expect a dynamic line-up of exhibitors, seminars, product demonstrations, and networking events curated to address the evolving needs and challenges of the industry. From supply chain optimisation to warehouse automation and digital transformation, LogiMAT India promises to showcase the latest advancements and best practices driving the future of logistics.

96%

Visitors said they had achieved their objective of visiting LogiMAT India 2024.

98%

Exhibitors generated quality leads and successfully closed deals at LogiMAT India 2024.

84%

Exhibitors achieved connecting with their target group at LogiMAT India 2024.

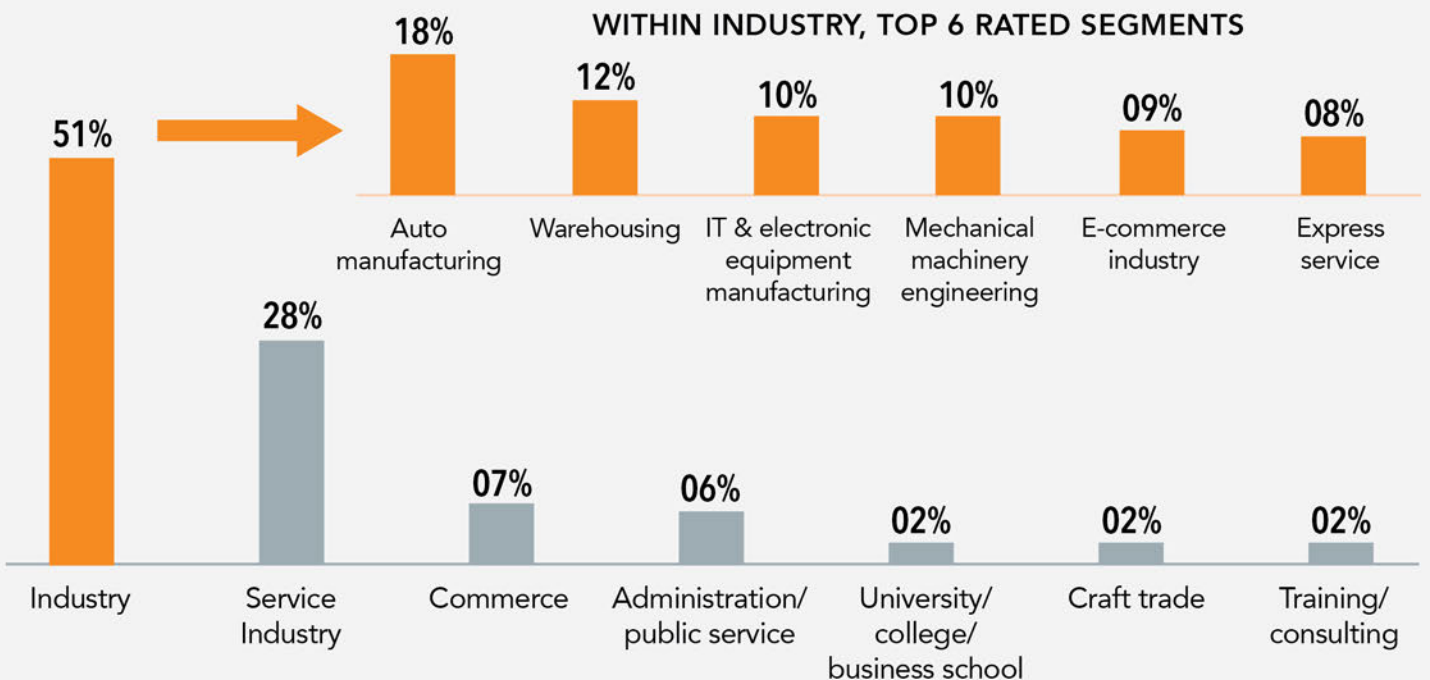

89%

Exhibitors said LogiMAT India 2024 helped in creating brand awareness amongst target audience.

OTHER INFRASTRUCTURE INITIATIVES

PM Gati Shakti

A digital platform to integrate 16 Ministries, including Railways and Roadways, for coordinated implementation of infrastructure connectivity projects.

National Infrastructure Pipeline

Currently, it has 8,964 projects with a total investment of more than INR 108 Lakh Crores under different stages of implementation.

Bharatmala Program

Phase 1 is under implementation which includes 9,000 km of economic corridors, 6,000 km of inter-corridors & feeder roads.

Sagarmala Program

Out of the proposed 802 projects, 181 projects are completed, rest are under implementation.

Multi-Modal Logistic Parks

Out of the proposed 35 MMLPs, 2 are awarded, 1 is under evaluation, 1 is at bidding stage and the rest 30 are at the stage of feasibility study

Green Energy Corridors

Out of the proposed 9,767 km of corridors, 8,696 km has already been constructed

Industrial and Dedicated Freight Corridors

11 Industrial Corridors have been approved for development in 4 phases, out of which 2 are under implementation and rest are in the stage of perspective plan formulation Project Status & Timeline of proposed 6 DFCS:

- Western DFC: To be developed by 2026
- Eastern DFC: To be developed by 2031 in 2 phases
- East - West and East Coast DFC: To be developed by 2031
- North - South DFC: To be developed by 2051 in 2 phases

GET READY FOR INDIA

YOUR PARTNER FOR SUCCESS!

I am thrilled to share the resounding success of LogiMAT India 2024, our inaugural edition that exceeded all expectations and set new benchmarks for the logistics industry in India. It gives me immense pride to witness the overwhelming response from exhibitors, visitors, and industry stakeholders alike.

At LogiMAT India 2024, we witnessed a convergence of innovation, expertise, and collaboration, creating a platform where ideas were exchanged, partnerships were forged, and the future of logistics was shaped. From cutting-edge technologies to insightful discussions, the event encapsulated the spirit of progress and transformation in the logistics sector.

As we embark on the journey towards LogiMAT India 2025, I extend a warm invitation to all industry players to join us in this exciting endeavor. As an exhibitor at LogiMAT India 2025, you will have the opportunity to showcase your latest innovations, connect with key decision-makers, and gain unparalleled visibility in the industry.

LogiMAT India attracts a highly targeted audience comprising industry professionals, buyers, and decision-makers, providing an ideal platform to showcase products and solutions. Exhibitors have the opportunity to forge valuable connections with industry peers, potential partners, and customers through networking events, seminars, and one-on-one interactions. Furthermore, exhibiting at LogiMAT India enhances brand visibility and reputation within the industry, as it allows exhibitors to showcase their latest innovations to a wide audience of industry stakeholders. Lastly, exhibitors gain valuable market insights by participating in expert-led seminars, panel discussions, and interactive sessions, providing them with a comprehensive understanding of the latest trends, challenges, and opportunities shaping the logistics and material handling landscape.

Join us at LogiMAT India 2025 as we continue to drive innovation, foster collaboration, and redefine the future of logistics in India. Together, let us build a brighter and more sustainable future for the industry.

LOGIMAT INDIA PROFILES

EXHIBITOR PROFILE

LOGISTICS, TRANSPORTATION & PROCESS MANAGEMENT:

- Material handling and storage system
- Warehouse and equipment
- Warehouse and production controls / robotics
- Packaging, weighing, measuring, franking
- Loading technology and systems
- Retrofitting
- Industrial trucks and accessories
- Information and communications technology
- Order-picking systems
- Labelling and identification
- Simulation software
- Storage system software
- Shipping and transport software
- Stock management, inventory, and archiving software
- Drive technology
- Energy, environmental technology, recycling, waste disposal
- Security
- Outsourcing partners
- Logistics facilities
- Consulting, planning, implementation
- Third – party logistics (3PL) providers / 4PL / 5PL
- Warehousing and distribution services
- Ecommerce logistics and fulfilment services
- Last mile delivery, express logistics & urban logistics solutions
- Autonomous vehicles and drones for delivery

VISITOR PROFILE

- Pharmaceutical
- Food
- Fast Moving Consumables Goods
- Consumer Goods
- E – Commerce
- Automotive
- Wholesale
- Defence
- Retails
- Fashion, Apparel and Textile
- Electronics
- Architects and Consultants
- Agricultural Goods
- Cement
- Oil & Gas
- Liquor & Beverages
- Cold Storage
- Ports, Terminals, and Cargo
- Railways, Highways, Infrastructures
- Freight Forwarders – 3PL, 4PL, 5PL
- Builders, Engineers, Consultants
- Hotels, Hospitals, Stadiums
- Steel and Rubber Industry
- Information Technology (IT) Hardware
- Telecommunication

PARTICIPATION FEES

ACCOMPANYING PROGRAMME - CONFERENCES

TRANSPORTATION: BRIDGING GAPS, CONNECTING FUTURES

This conference aims to highlight the pivotal role of efficient transportation management in addressing the existing gaps within logistics systems while simultaneously forging pathways towards future connectivity and sustainability. It underscores the importance of seamlessly integrating various modes of transportation, advanced technologies, and strategic planning to overcome logistical challenges and enhance the global movement of goods. It emphasizes the critical need for collaboration, innovation, and forward-thinking approaches to create interconnected transportation networks.

INTRALOGISTICS: ENHANCING SUPPLY CHAIN DYNAMICS

In this conference, leaders and experts from the field of intralogistics will converge to explore strategies and best practices for optimizing supply chain dynamics within warehouses. Key areas of focus include efficient inventory management, warehouse layout and design, adoption of automation and technology, streamlined order fulfillment processes, and sustainable practices. Participants will gain practical knowledge, network with industry peers, and contribute to advancing intralogistics practices.

MACHINE VISION : NAVIGATING LOGISTICS WITH MACHINE VISION

The conference focuses on Harnessing state of the art Innovations in machine vision and automation to enhance logistics and warehousing operations. By harnessing technologies like autonomous mobile robots (AMRs) and deep learning, the conference aims to streamline processes such as package measurement, quality inspection, barcode reading, and material handling optimization. As the e-commerce industry grows and global shipping volumes surge, automating logistics becomes crucial for accuracy, efficiency, and meeting demand.

LOGIVERSE INNOVATION AND EXCELLENCE AWARDS

The LogiVerse Innovation and Excellence Awards, held during LogiMAT India 2024 on February 28th, 2024, at the India Expo Mart Limited (IEML) in Delhi-NCR, marked a significant highlight of the event. Recognizing outstanding achievements across Intralogistics, Process Management, Material Handling, Transportation Management, Machine Vision, and Start-ups, the awards ceremony celebrated excellence and innovation in the logistics industry. With over 40 deserving awardees spanning from multinational corporations to startups, the event was a testament to the industry's icons, inspirations, and game-changers.

In addition to the prestigious awards, the occasion featured captivating performances by Padmashree Madhavi Mudgal's troupe, and a mesmerizing Santoor Collective led by Maestro Rahul Sharma. These cultural highlights added a touch of artistic flair to the event, making it a memorable and enriching experience for all attendees.
